## CWSF embraces virtual format and heightened role of STEM projects in Canadian education

[1]

Tue, 2020-10-06 12:09 by Reni Barlow

[1]

Canada-Wide Science Fair (CWSF), the country's largest annual youth science, technology, engineering and mathematics (STEM) event, will be going virtual in 2021. Youth Science Canada, organizers of the event, confirmed that the 2021 edition will take place, as planned, with the same components and Ottawa focus, but totally online. [Read more](#) [1]

## YSC appoints Melina Found as first Youth STEM Project Development Director

[3]

Mon, 2020-08-17 16:56 by Reni Barlow

[3]

Youth Science Canada announces today the appointment of Melina Found to the newly created role of Youth STEM Project Development Director. Working closely with YSC staff, volunteers and partners at the local level, Melina will lead the development and implementation of YSC's National Youth STEM Project Development Initiative, a national program to ensure that Canadian youth have the inspiration, resources and support required to complete their STEM projects. ## Young innovators attend virtual bootcamp to help bring STEM projects to market

[5]

Thu, 2020-08-13 09:02 by Reni Barlow

[5]

Ten bright minds from Canada's science fair community prepare to wrap up an intensive four-day bootcamp to learn more about bringing their innovation to market. Held virtually, from August 11 to 14, the fourth annual YSC-York University STEM Entrepreneurship Bootcamp allows students to learn and apply current entrepreneurship best practices to turn their projects into viable businesses. The class of 2020 includes ten ribbon recipients from Youth Science Canada's first Online STEM Fair, held in May of this year. [Read more](#) [5]

## YSC welcomes 2020-2021 Board

[9]  
Wed, 2020-07-01 11:05 by Reni Barlow

Youth Science Canada is pleased to announce its 2020-2021 board of directors, a dynamic group of STEM advocates and experts, to help steer the organization into its 60th year. Changes to the board include the appointment to three-year terms of Christian Theriault (left photo), four-time finalist at Canada-Wide Science Fair and award-winning serial entrepreneur, and Richard (Dick) Wilson (right photo), a communications expert with a career spanning close to four decades. Caroline Whippey, board member since 2018, was elected to the role of chair. Read more [9]

## YSC statement against racism

[11]

Fri, 2020-06-19 16:15 by Reni Barlow

[11]

Youth Science Canada exists to enable Canadian youth to investigate scientific questions and develop innovative solutions related to current and future challenges ? all Canadian youth. We believe that discrimination against Black, Indigenous and People of Colour (BIPoC) ? or discrimination of any kind ? should not be tolerated. [Read more](#) [11]

## Congratulations to Nicholas Johnson

[15]

Fri, 2020-06-05 11:59 by Reni Barlow

[15]

YSC extends a heartfelt congratulations to Nicholas Johnson on becoming the first Black valedictorian in Princeton's 247-year history ? a long-awaited milestone for the university and a well-deserved achievement for the Canadian student. We remember Nicholas from his participation at Canada-Wide Science Fair 2011 in Toronto, where he represented the Montreal Regional Science and Technology Fair. [Read more](#) [15]

## YSC Online STEM Fair Ribbons Announced

[17]

Fri, 2020-05-29 13:53 by Reni Barlow

[17]

The tallies are counted at the inaugural Youth Science Canada Online STEM Fair and it's clear that the current cohort of Canadian students is into science, technology, engineering and math (STEM). A team of volunteers from regional science fairs across the country, YSC National Judging Team members and sponsor representatives carefully reviewed 631 projects, and awarded 275 virtual ribbons at three levels as part of the online showcase that received a greater level of participation, in its first year, than even organizers expected. ## YSC Online STEM Fair goes live for public

[19]

Thu, 2020-05-21 19:16 by Reni Barlow

[19]

Months of hard work are not in vain for Canadian students who have invested time and talent into a science, technology, engineering and mathematics (STEM) project over the past year. Today, students from across Canada are proudly showcasing their STEM projects, 635 in total, as part of the first Youth Science Canada Online STEM Fair. [Read more](#) [19]

## CWSF Alumnus works on designs for protective gear during COVID-19 pandemic

[29]

Mon, 2020-04-06 10:34 by Reni Barlow

[29]

At the 2019 Canada-Wide Science Fair in Fredericton, Cyril Mani won a bronze medal and the Canadian Association of Physicists Award. Now, he's working with a team of fellow McGill students in Montreal to design protective gear for health-care professionals on the frontlines of the COVID-19 crisis. Read more [29]

## 2020 Distinguished Service Award Recipients Announced

[31]

Tue, 2020-03-31 23:00 by Dominic Tremblay

Youth Science Canada is pleased to announce the ten recipients of its 2020 Distinguished Service Award. The Awards annually recognize up to ten volunteers and staff who have made an outstanding contribution, through innovation, long service, or leadership, to the organization or its programs at any level. Nominations are submitted by any two volunteers or staff at any level (by January 31) and selection of the recipients is made by the Board of Directors. Congratulations to: Top - left to right: Read more [31]

## Team Canada-ISEF 2020 Announced

[33]

Sun, 2020-03-22 18:43 by Reni Barlow

Eight of Canada's top high school scientists have been selected by Youth Science Canada to represent the country at the 2020 Regeneron International Science and Engineering Fair (ISEF) from May 10-15 in Anaheim, California. Regeneron ISEF is the world championships of science fairs. Unfortunately, the team will not participate in the event as a result of the preventative measures enacted in Canada and the U.S. to reduce the spread of COVID-19. [Read more](#) [33]

## YSC cancels Canada-Wide Science Fair 2020

[35]

Wed, 2020-03-18 14:37 by Reni Barlow

As a result of the preventative measures enacted by various provincial governments across Canada due to the spread of COVID-19, Youth Science Canada is unable to hold the 2020 Canada-Wide Science Fair as planned, from May 9-15 in Edmonton, Alberta. Youth Science Canada has closely monitored the advice from the Public Health Agency of Canada (PHAC) and respects the measures implemented at the regional level to prevent the spread of the virus. ## OWL Connected highlights CWSF alumna on Introduce a Girl to Engineering Day

[39]

Thu, 2020-02-20 14:06 by Reni Barlow

[39]

Thursday, February 20 is Introduce A Girl To Engineering Day. It's a day with two main goals. First to let young girls know that they belong as future engineers as much as boys do. And second? To educate everyone about what it is that an engineer actually does! [Read more](#) [39]
